Standard Catalog Of World Coins - 1801-1900

Synopsis

19th Century Coins Identified and Valued! The 7th edition of The Standard Catalog of World Coins 1801-1900 offers comprehensive coin listings and current market prices compiled from data provided by over 140 experts from around the world. For researchers, collectors, auctions and dealers, The Standard Catalog of World Coins is the hobby's central information resource and has been for over 40 years. This 7th edition contains significant price increases for many countries in Asia, Europe, Central and South America. Great Britain, France, China, India, Vietnam, Colombia, Ecuador, Mexico and many others have seen serious jumps in the value of their classic coinage from this period. Each coin listing provides: * Up-to-date values listed by date and grade. * Universal KM reference number. * Detailed descriptions of obverse and reverse designs. Coins struck in gold, platinum and silver are detailed with: * Total coin weight. * Fineness. * Actual precious metal weight. Special features offered in this edition include: * A user's guide to the catalog. * International Numeral Systems chart. * Instant identifier of National Arms. The Standard Catalog of World Coins is the coin catalog you've come to depend on and the one you can trust for the best in world numismatics.

Book Information

Series: Standard Catalog

Paperback: 1296 pages

ISBN-13: 978-1440230851

Product Dimensions: 8.2 x 2.6 x 10.9 inches

Shipping Weight: 5.2 pounds

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (24 customer reviews)

Best Sellers Rank: #720,981 in Books (See Top 100 in Books) #28 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins](#) #582 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference](#)

Customer Reviews

OK, so these books are basically canonical lists of all the coins on the planet. In tribute, I will say a few words in canonical list format.1. Do not, under any circumstances, pay list price for these things. It has been my experience that your local library book sale is probably giving these away for a

dollar. Since they're reference guides, libraries turn these over every single year. Don't pay \$50 when you can get them for \$1 at the annual booksale. They'll be a year out of date but who cares.² Remember, the prices listed here are RETAIL prices. If you take your collection to the coin shop to sell it you'll get ... well, not the prices listed.³ These don't change all that much from year to year and when they do it's generally to reflect a change in the price of gold or silver.

Very good update to the Bible of Coin collecting...No one who's a serious coin collector should do without, especially if you're bidding on eBay. You'll see how overpriced coins can be on eBay, and how rare they really are.....

This coin catalog was purchased for our grandson. Although not the most current coin catalog, we felt it was adequate for our grandson, who is a beginner coin collector. We were very satisfied with the condition of the catalog and the speed in which it was sent.

It'd be fine but for errors on its pages as far as prices go, numismatics information, and errata. Mr Cuhaj is reportedly closed to any criticism.

I have been able to identify all my older coins from this catalog. Amazing amount of information. A must have.

great book just what i was looking for.....thank you very much i started calling around to see who had this book i sure was glad to find it here.

Accurate and helpful reference. Much in contrast to the next book in the series which was filled with incorrect data.

No more guessing how much each coins is worth and I can talk to the dealer with more knowledge for my coins.
