Warman's Coins And Paper Money: Identification And Price Guide

Synopsis

The only single-volume guide to valuation and identification of coins, medals, tokens and paper money of the world. This is undoubtedly the best reference available for beginning coin collectors. Anyone with an interest in coins or paper money will appreciate the helpful, comprehensive, and easy-to-follow format of this book - the hobby's best introductory volume. Thorough, well-researched and well-illustrated, this book attempts to give readers a taste of all areas, including U.S., world and ancient coins, as well as tokens, medals, proof and mint sets, fractional and postal currency, paper money and checks. From the most-recognized publishers of numismatic references, as well as the source of all Warman's antique and collectibles book, this guide is a great value.

Customer Reviews

All levels of coin and paper money collector will find an important reference in Allen G. Berman's Warman's Coins and Paper Money, 4th edition, which has been updated to reflect the latest information. From listings for US, World and Ancient currency to tips on how to collect, how to grade currency, and over 700 color photos for identification, this is a 'must' for any serious collector.

I recently purchased some rare coins and went to a few bookstores in search of a price guide. I came across a few good books but they didn't have all the coins I had purchased, finally I found this one and it included all the coins I purchased. I looked online to see if it was cheaper and sure enough, it was, so I bought it! The book is fairly recent, 2009 publish date, so I think it should be fairly accurate with the price listing.

this book was informative but was not exactly wha i was looking for didnt have the amount of silver per coin and gold per coin for every amaerican coin nor did it have prices of gold and silver at the time the book was written , i like alot of the features of the book but i wish it also had the mintage of the coins

This was a gift for my husband, who has collected coins since childhood. He has spent considerable time since Christmas Day going through this book and chortling over the deals he has made in the past at a much greater profit (talking small change here!). One of the better presents he got this year:)
