## Customer Reviews

My husband and I both completed this challenge and saw such a tremendous change in our communication and understanding of one another. I highly recommend this book to anyone who needs a refresher and that extra inspiration to keep going strong in marriage.

After years of struggling to be a "decent" husband, I was faced with the reality that I am selfish, self-centered, and prideful. Once I recognized that, I no longer strived to be simply "decent", I wanted to be a great husband! I wanted to love my wife the way Jesus loves the church. I'd read a lot of good books that aided in that goal but this book is a cut above. Each day is a short read - very to the point but without being preachy. Each devotional, I consider that day's challenge. It is something I look forward to reading and putting in action. It's really drilled in that until I fall in love with God, I won't ever succeed in loving my wife the way she needs to be loved. I can truly say I feel renewed after reading this, with a fresh love for her.

I bought this book along with the Wife After God book by Aaron's wife for myself and my husband.

We're fairly newly wed with two children from prior marriages and custody of a nephew. We're also in process to adopt three more of our nephews ages 11,13,15. In the last two years we've gone from dating with baggage to married, him becoming youth pastor, me becoming a part time work from home employee and primary child care provider, and adding in total four more kids. Our marriage HAS to be centered around God to succeed. It WILL NOT FAIL if placed on the rock He's provided for us all. We love the books, love the authors, and love the God they're serving.

Before I got this devotional my wife and I was having many petty arguments and didn't really know what God expects from us as a husband and as a wife but this clearly lines it out for you! It brings you so close to Jesus and makes your relationship grow with him and your wife! Do them together with your wife! I'm on my third time through it and I learn something new from it everyday I journal down my thoughts and find new scriptures in my bible! So very worth it Thanks Aaron and Jennifer

Some decent content, but not much new. Also, several of the social media recos seemed more focused on building the author's brand than on accountability, etc.

Great if your wife gets the matching and you sit down after the kids are asleep with your bibles and journals. This has really opened a line of communication and with faith as the main topic great things have come from this. We've been married 12+ years but I've never felt so connected to my wife as I do now. Thank you

My wife and I have been married for 14 years. You think you have it all together and a Great marriage? Read this book and get ready for a kick in the gut. Learn how to have a closer relationship to God, and in turn strengthen your marriage like never before. Commit to the God centered principles in this book and find more happiness than you can imagine!!! Thank you God!!

This is a great men's devotional, highly recommend it to any man wanting to get closer to God.
