# Krampus Greeting Cards: Gruss Vom Krampus!

## Synopsis

Devilish greeting cards featuring the Krampus, packaged in a deluxe metal tin. In the early Christmas traditions of Europe, the Krampus was St. Nikolaus' dark servant—a hairy, horned, supernatural beast whose pointed ears and long, slithering tongue gave misbehavers the creeps! This collection of vintage Krampus images includes 20 cards -- two each of 10 different designs. Krampus Greeting Cards are the perfect gift for a naughty friend or for yourself. The set contains 20 full color cards and 21 red envelopes, packaged inside a metal tin decorated with a striking image of the Krampus. Gruss vom Krampus! Greetings from Krampus!

## Customer Reviews

It's difficult to find a holiday card that covers the extent of the friends and family and their beliefs, but these wonderful Krampus cards have solved all our problems. While they still lean towards a "Christmas" theme we have gotten the same amount of complaints from our Jewish and Festivus supporters as we have Christians, so we are calling this a win. The quality of the cards is good. I wish it had more of an explanation of Krampus and all his glory on the back of the cards because it does fail to mention his appetites for the flesh of small children, but I will forgive them this for they were probably under the assumption that everyone should know of Krampus.

These are an awesome celebration of the true meaning of Christmas - fear of being kidnapped by demonic creatures. Perfect for scaring the nieces and nephews. Or just annoying that relative who goes overboard for that other Christmas guy.

These cards are great and will grab anyone's attention. Just be careful who you send them too because some people won't understand.

These cards are great for the Holidays. Whether for your religious relatives who you would like to disturb or your appreciative weird friends who will appreciate the disturbing nature of Krampus. Two of each card is included one to keep and one to send. These are nicely printed and packaged.

These are exquisite little nuggets of the pagan underpinnings of our Christmas holiday. You get 1 to keep and 1 to share of each delightfully twisted design. Great for friends - ideal for (my) family.

These are wonderful cards to send for the holidays, especially if you do not celebrate any of the religious traditions and are sick of others trying to force their beliefs on you. These cards are well made and come in a nice decorative tin.

Awesome cards, with 10 unique designs the whole family can get a different one. Unfortunately my family was unaware of the krampus christmas history so now everyone thinks I'm a satanist. Still worth it.

Nice printed cards and tin. Love the reproduction images! Two sets of cards included in the tin. Time to introduce some North Americans to this wonderful part of the Christmas tradition.
