A Treasure At Sea For Dragon And Me: Water Safety For Kids (and Dragons)

Synopsis

Fun and safety go hand in hand as a little girl and a dragon spend a hot summer day at the beach. The two friends build castles in the sand, splash and swim, and race a boatload of pirates to a hidden treasure. As they play, the girl teaches her irrepressible friend to be water smart. The winning combination of adventure and safety information --- including The Dragon's Water Safety Rhyme and the checklist of rules at the end of the book --- provide the perfect starting point for safety discussions.

Book Information

Lexile Measure: 780L (What's this?)

Hardcover: 32 pages

Publisher: Kids Can Press (March 1, 2005)

Language: English

ISBN-10: 1553377214

ISBN-13: 978-1553377214

Product Dimensions: 10.3 x 8.7 x 0.4 inches

Shipping Weight: 12.8 ounces

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (5 customer reviews)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

Customer Reviews

Our entire family really enjoys this series of safety books. We have the full collection and enjoy them all. We have purchased extras of some of the books to provide to our son's preschool teacher so she can share the safety lessons with the students.

This fun book teaches children about being safe around open water by having the child-hero save his buddy the dragon. We have all four safety books in this series and really enjoy them all (especially now that they are in paperback).

A delightful children's book on water safety. With the aid of a stuffed dragon I purchased, the story was excellent for the young children who come to our Health Department and have to wait in the lobby. A big blow-up dragon would have much more impact if you could find one and had a way of monitoring its life-span. Most of my displays have a way of walking out the door!

This book was very cute and covered all the areas of water safety. I read it with a 6 year old boy who enjoyed it and asked for the other dragon and me books!

A great water safety book!!!! It's a little lengthy but it covers all the bases. Kids will enjoy the story and pictures.
