Customer Reviews

Antique Trader Limoges Price Guide by Debby DuBay is a wonderful field price guide with over EIGHT HUNDRED photographs of Limoges pieces with prices and complete descriptions. A complete marks section covers all of the Limoges factory marks and backstamps including common reproduction marks. This book has a great chapter on valuation and another on identifying your pieces. In addition - new documented research by DuBay and her researcher geneologist - on the American artist - specifically E. Miler. I love Debby DuBay's books on Limoges! This one is just as beautiful, in an easy to carry format with new information and completely different colored photographs of unique pieces of Limoges (and at this price is a must!)

Antique Trader Limoges Price Guide by Debby DuBay is fantastic! The only price guide in paper back form on Limoges porcelain. A beautiful book with hundreds of colored photographs of unique pieces of antique Limoges porcelain. The quality of this paper back book is outstanding. A wonderful price guide. Each piece has a current value - DuBay is a member of the Appraisers Assoc of America and is a USPAP appraiser - found by using the comparative market data approach. Each piece has a complete description that correlates with the marks section in the back of the book. Each factory has been researched and their actual marks are photographed and the dates of their use are annotated. Using this easy to read Price Guide a collector can research their pieces; identify which factory produced the piece, date the piece, find the back stamp and marks, know the exact use of the piece, determine if a piece is handpainted piece or transferware or decal and determine the exact value of the piece. I have attended several seminars by Debby DuBay and her enthusiasm is contagious and she is always available to assist and appraise. I recommend the Antique Trader Limoges Price Guide and if you have further questions on your piece I recommend you contact Debby DuBay at 20 Post Office Avenue, Andover, MA 01810 or call her (978) 470-8773.

Two hundred and forty pages of color photographs illustrate why the Limoges porcelain has been a favorite of collectors for more than two centuries. The many kinds of Limoges pieces are grouped in their own chapters--brooches, charges, cider pitchers, fish sets inkwells, punch bowls, and others; for thirty chapters in all. Many readers will be surprised at the great variety of Limoges pieces. There is wide decorative variety within each type too. Although each piece is distinguished by detail and rich coloration. Captions for each piece include identification, a note on the coloration (mostly underglaze or overglaze), factory marking, and in most cases a current value. The 26-page appendix Limoges Factory Markings or Backstamps groups hundreds by periods of years with pictures of each one. The author Debby Dubay is a widely recognized expert on Limoges porcelain who has written previous studies and price guides.

I use this book daily to look through especially the markings section. I only wish it had a lot more pictures; and older pieces. It would be great to have a book with ALL the Limoges pieces in it; and more reproduction marks so the novice buyer does not get duped.

very happy with condition of book from the seller. wish i would have gone with the review that i read. this book did not have enough information on dishes/ dinnerware. I was not able to locate the dishes

that i have and felt the book could have had more info on dinnerware. other items they had. color and design of the book was great otherwise. the book was antique trader limoges price guide by debby dubay

I collect Limoge. This book has been very helpful with identifying true Limoge stamps, giving websites to check. Beautiful color illustrations.
