What an amazingly helpful read. I have read probably 15 blogger help books and this one truly stands out. Dana gets straight to the point with her "one item per page" format. Super easy to read and follow along with. My favorite part? She truly genuinely wants to help you. Not only does she give great tips to help your blog grow, but also how to stand out and be yourself. I am about a month into the blogging game and I already feel more confident in my abilities as a blogger from this book as well as Dana's first book, *Blog Wonderful*. Props and kudos to you, DANA! Thanks a ton for the tips. :) Zacharyzacharyleo.com

This is a perfect little resource book. Useful tips for both seasoned and newbie bloggers. I like that it's a simple and clear layout so it's easy to go back and easily find tips after the initial read. And I'll keep going back. Some tips are useful reminders that we can easily forget or get sidetracked from. It really is the ultimate list of to-dos. And the cheat sheet at the back is great for those of us who aren't HTML pros :) The motivational quotes thrown in are really sweet and thoughtful touches.

Always a great product from Dana, thanks!

I love how The Ultimate Blogger To-Do List breaks down blog improvement tasks into manageable chunks. Plus, there's an HTML cheat sheet in the back that I'm definitely going to use to help me learn a bit about coding. This book is one big friendly reminder that there is always more to do to help your blog be all that it can be. My copy is already studded with with Post-it flags on the pages about what I should do to improve my blog right away!

Informative read and easy to follow!
