Customer Reviews

This time of year when it is really cold, I am always looking for a different casserole to make. The chicken corn casserole is perfect for this season! It is in the oven as I write this and I will admit that I switched the Velveeta cheese for Vermont cheddar (which I always have in house)...The crockpot cacciatore sounds delicious as well. With mushrooms, green pepper, crushed tomatoes, basil, red wine, onion soup plus the chicken, this one will be on my agenda this weekend. The only thing I will add is a about a half teaspoon of sugar to take care of a little acidity from the tomatoes.. (Yes, Mom always told me to do this!).In addition to the excellent choices listed, there are also a lot of tips on cooking, braising, stewing, roasting and baking. I was also pleased to see that it tells about brining. Also, salads and microwave dishes are included.Just an excellent assortment of recipes and will be a welcome addition to your cookbook collection.Most highly recommended.Edited to provide feedback on the chicken corn casserole. It is out of the oven and I am now able to say it is really good! Am glad I selected that one first and also that I had the ingredients...

This has a super variety of chicken recipes in it. There's oven recipes and skillet recipes. Since I love to bake more, I prefer the ones for the oven, however the skillet recipes are also fabulous.The main reasons that I really love this cookbook:1 There are 150 different, and in a good way different recipes. Since I prefer chicken to beef, pork etc, I need to widely vary my recipes.2 These recipes call for many regular items I keep in my pantry. Since I have the chicken and most of the other ingredients, I can use this cookbook to create a delicious meal quickly.3 There are many recipes I now call my favorites, however, my favorite-favorites are:* Chicken Tomato Pizza* Chicken Tetrazzini* Easy Chicken Casserole* Chicken With PotatoesIf you love chicken, I think you will love this cookbook....I know I love it.

This quick and easy cookbook is loaded with simple recipes for 150 chicken dishes. As I was reading the book my mouth was already watering so I started compiling my grocery list right then!The recipes themselves are pretty good. The ones that I have tried all turned out great and were delicious. The recipes are organized in an easy to understand way that is great for having on my kitchen counter when I'm cooking. There's lots of good concepts here on the topic of cooking chicken and I know that I'm going to get a lot of value out of these recipes.Overall, Good cookbook with some great recipes.

My husband loves chicken so, after reading all the positive reviews I purchased him this cookbook.

Well, many recipes have various names but, take essentially the same ingredients. It does offer recipes with bone in, boneless and rotisserie chicken. It is simple enough (mostly handy ingredients that people have) but, the repetition was disappointing.

This is a huge compilation of over 150 chicken recipes by Bonnie Scott. The price is also a great value for such a large cookbook. The recipes are well written and contain an amazing assortment of boneless and bone-in chicken recipes. The instructions are so clear! Ingredients are simple items you probably have on hand in your pantry. You will find recipes that taste great, are quick and easy to prepare, some old recipes recalled from grandma and some new recipes. Some of the recipes you will find in this cookbook include: Polynesian Chicken, Honey Mustard Chicken And Vegetables, Spinach Chicken, Enchiladas, Tortilla Chip Soup, Coconut-Cherry Chicken, Easy Chinese Chicken With Vegetables, Orange-Glazed Chicken, Chicken Hungarian Goulash, Chicken On Angel Hair Pasta

I have made several recipes from this book. However, one thing I had to do is tweak the seasoning because my husband loves excessive seasoning. Some of these recipes are also very easy and quick to make. I have a very limited imagination when it comes to making chicken. My favorite is the mushroom chicken.

OMG! This is the best chicken recipe book ever!! I cannot believe all the great chicken recipes that are included in this book. There are chicken ideas that I would have never thought of in a million years. I could not believe there are so many things that can be done with chicken. One of my resolutions this year was to be more creative in the kitchen, so I am looking forward to preparing all of these wonderful recipes for my family. My husband is definitely going to be surprised. Also, all the recipes seem easy and really inexpensive to make. Love, Love, Love this book!!! I can't stress love enough. I highly recommend purchasing it!! Two thumbs up!!!

This is my favorite go-to chicken cookbook. As the title indicates, the recipes are classic and easy to make. The recipes include a variety of different cuisines and are full of flavor and at the same time, they use common ingredients and are quick to assemble and cook. I've made many of the recipes from this book so far and not one has disappointed. Yuuuuuum. My only problem: not buying this book sooner!!! All around, a great and versatile chicken cookbook.
