## **Synopsis**

"If Christ has not been raised, your faith is futile; you are still in your sins" (1 Cor. 15:17).Â The resurrection. As far as doctrines go, it's a game changer. Many accept the resurrection without giving it much thought. But isn't something so important worthy of our wrestling with it?Â What if we approached the issue of the resurrection in an unbiased manner and assessed it as a cold case detective would evaluate a crime scene? Author J. Warner Wallace is a cold-case detective. He also used to be an atheist. Follow along in this brief presentation of his approach in applying his detective's expertise to the accounts of the resurrection. Wallace believes the case is nothing but compelling:Â Jesus is alive!Â Available in packs of 10 booklets, this is a wonderful resource for churches and individuals to share at anytime and throughout the Easter season.

ALIVE is a short, give-away size booklet (45 pages total) that is essentially the "Cliff's Notes" to a thorough and quite objective examination of the apologetic arguments for the Resurrection of Jesus Christ as a literal, historical event. Written by a former atheist, it covers just that topic, excerpted from Mr. Wallace's other book, COLD CASE CHRISTIANITY. I highly recommend both, and also the author's website and social media presence. If it is possible to interest an atheist, this booklet provides an excellent overview of the arguments involved, without bombast or ignoring any category of objection. It promotes faith, but not without reason. Buying 10 at a time is a way to be prepared to give one away when the opportunity arises.

My first introduction to this Cold Case Detective (Wallace) after reading and watching courtroom dramas for decades. He reasons through what so many people have an instant opinion about. Concise and well-written.

Good book by a great case maker for Christianity! Jim's ministry has blessed me so much in my personal walk with Christ. His Please Convince Me Academy is one of the best tools for equipping oneself. The best part is it's free! I was skeptical and downright cynical before coming to faith. Thanks to God's use of Jim I know that I have a reasonable faith. You can definitely experience an amazing fellowship with God, but books like "Alive" provide the objective evidence for God's existence, Christ resurrection and reliability of The Bible. You can't beat the price of this set of books. I pray that it would bless you and all you share it with.

I love the detective-like approach that cold-case detective J. Warner Wallace brings to Christian apologetics! Wallace presents reasonable evidence to lead to a reasonable faith in the biblical claims about Jesus. A quick read to prepare you for Good Friday and Resurrection Sunday is Alive. The material in this short 48-page booklet is taken from Wallace's book Cold-Case Christianity, and is a just-the-facts look at the resurrection account of Jesus Christ. This booklet will prepare you to give a good answer to anyone who asks you about your faith. These booklets are sold in a 10-pack, so buy a pack and pass them out to your friends who want to learn how to defend their Christian faith, or give one to a friend or coworker who is still skeptical about the accounts in the Bible surrounding Christ's death and resurrection. All who read Alive will learn something they didn't know before. A great read!

Specifically the death and resurrection of Jesus. A former atheist, gives you the evidence that made him a believer in Christ.

Very important information presented in a unique way that makes the reading easy and the facts stick with the reader better.

This is really information about the resurrection taken from Wallace's book, Cold Case Christianity. I purchased it specifically for handing out to people around Easter and it fit the bill.
