Potty Book For Girls, The

Synopsis

Every little girl's graduation from diapers to the potty is always a very important moment--and one to make both parents and toddlers proud! In *The Potty Book*, Hannah needs to have her diapers changed so she can go out and play. Then mom and dad bring home a big box, and Hannah is anxious to open it up and see what's inside. Is it a rocking chair? A bed for Teddy? No, it's a potty--which means that it's time for Hannah to graduate from her diapers. This gentle and humorous little story is charmingly illustrated and told in verse. Little girls will enjoy looking at the pictures and having the story read to them. Meanwhile, they'll start getting the idea that it's time for them to grow up, exactly like Hannah. So that at last, they'll be able to say--"I'm off the potty!"

Book Information

Hardcover: 32 pages

Publisher: Barron's Educational Series; English Language edition (May 1, 2000)

Language: English

ISBN-10: 0764152319

ISBN-13: 978-0764152313

Product Dimensions: 6.5 x 0.4 x 6.4 inches

Shipping Weight: 7.2 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (718 customer reviews)

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Hannah can eat her breakfast, brush her teeth, and even dress all by herself. Her biggest hurdle? The potty! As with most potty training experiences (mine included), Hannah and her parents need plenty of patience...and paper towels!Reality check. I had two minor issues with the book: Hannah easily removes her diaper. My girls struggled to get theirs off (at least at first). And Hannah seems to graduate instantly from diapers to underwear after only one successful potty. In my house that meant instant mess!Otherwise, readers will chuckle over Alyssa Capucilli's delightful rhyme, rapped by Hannah herself, and Dorothy Stott's hilarious antics of Hannah's potty partner Teddy the

bear. We have read almost every potty book available on the market as of 9/2003 (over two dozen!). Most fit into two categories: INSTRUCTIONAL books that introduce the skills needed to master the potty; and those that are primarily ENTERTAINING, for children who understand what is supposed to happen on the potty, but need extra time to make it happen. I think *The Potty Book for Girls* fits more in the INSTRUCTIONAL category for the following reasons: 1) It identifies the purpose of the potty. 2) It specifies bodily functions such as "poop" and "pee." 3) Shows the transition from diapers to big kid underwear. 4) Includes the hand washing step. For other potty books that are instructional, check out *What to Expect When You Use the Potty* by Heidi Murkoff, *You Can Go to the Potty* by Martha Sears, or *My Big Girl Potty* by Joanna Cole.

This is a sweet book about a little girl named Hannah who is ready to start using the potty. It shows the transition from diapers to "very special underwear". The book uses potty words like "pee and poop." Hannah has a few accidents, but Mom and Dad are still encouraging. By the end of the book, Hannah is very proud of herself and her potty success. She also will tell your little girl a secret, that she too can use a potty. The book itself is a hardback with very thick pages that will not tear easily. The illustrations are very attractive and definitely show how much energy Hannah has (as does every toddler or preschooler). The story line rhymes and is easy to follow. This book is perfect for any "big girl" who is interested in potties or parents who want her to be. My own Hannah really likes the book at 24 months old, but is not quite ready for the potty. I think it will help her to read and talk about it for now. When the time is right, she'll be ready for the potty, too!

My toddler girl loves this book. She is showing more interest in using the potty.

My daughter Brianna is 22 months old. She's had a potty in her bathroom for awhile, but she showed no interest in it. I bought this book for her about a month ago and she can't put it down. I actually had to leave it in her crib at night because she wants to read it to herself before she goes to bed, and looks for it first thing in the morning when she wakes up. All day long I hear "Hannah book!!" She loves to read it herself, and always applauds Hannah at the end - "Yay Hannah... Yay Hannah. No diaper!" Now she's always asking to sit on her potty; especially when she reads the book!! Thank you Hannah!!

Of all the potty books I've seen (and with a 26 month old, I feel like I've seen them all), this is the one that fits all my (1st time Mom) requirements. It is cheerful, positive, rhymes, uses our family's

potty language, and I don't mind reading it over and over. My daughter loves the teddy bear and the Mommy and Daddy. She also noticed the little girl having an "accident" and wet pants right away, and I think relates them to herself in a good way. I also try to use the same wording as the book - "don't you give up yet" to reinforce that this is HER process and accomplishment. I would also recommend "What do you do with a potty?" which has lots of "lift-the-flaps" to keep my daughter's interest, although the story isn't as good. I also had not seen this book anywhere but .com.

Our daughter loves this book and asks to read it over and over (on the potty or off it). She now wakes up in the morning and wants to use the potty "like Hannie" (Hannah) from the book does. Some of the other potty books we have read leave out some of the steps you need to take when you use the potty, or don't mention things like having accidents. This book is very thorough, positive, and cute too. We highly recommend it!

A really cute potty book. My 2 1/2 year old loves this book, and can recite it word for word. The story of Hannah's transition from diapers to underwear is told in rhyme, using the potty words "pee" and "poop". This book helped to open a LOT of dialogue about using the potty, which is great. My daughter also likes to use the phrases from the book, "Whoops, I had an accident" and "that's OK". Unfortunately for me, we haven't moved from dialogue to action, (you'll notice she's not saying "Hurray I said, I did it!") but I guess there's a limit on how much to expect from one book! The illustrations are cute. My daughter enjoys looking at the pictures and discussing what Hannah, her parents and her teddy bear are doing. The quality of the book itself isn't quite as good. The pages are quite sturdy, somewhere between regular paper pages and board book pages, but the binding is already starting to split on our copy. All in all, though, a fun book for a frustrating process.
