## Customer Reviews

I'm surprised to see that nobody has reviewed this book yet. I recieved this as a gift and I totally love it! It has great recipes for drinks and appitizers and beautiful photos which made me hungry just looking at them. It has good information about different kinds of glassware and other things you'll need as well as great tips for throwing the perfect party. It also has great suggestions for various seasons, themes and occasions. The photos alone are an inspiration and the recipes are unique and original. So, if you are over 21, ready to make some not-always-health-concious food, throw caution to the wind, get everyone really smashed and have an awesome party, this is the book for you!

Easy to follow recipes with beautiful color pictures. Many delicious non-alcoholic drink recipes. I received the book quickly. The condition was like new!

Although this book was published awhile back, it has the nicest cocktail appetizers. Simple, but tasteful recipes. This is the first book of its kind that I really like all the different choices.

I find this book full of nice ideas for receiving. Like the cocktails recipes and find some of the appetizers very innovative. Also appreciate the good ideas of how to make the presentations of them and of course the recipes. As all WS books, good recipes and very pretty presentations!
