Customer Reviews

Made the mistake of ordering this item while I was shopping for iPhone 6 accessories. Even though I

double-checked the description, when It arrived, it was a laminated product for iOS "6" which is now two generations back on the apple scene. It was irritating because it was cheap enough to not warrant a return effort, but definitely showed up on all of my double checks for "iPhone 6" even though it was a "iOS" product. It was a gift, so ended up being just an mistake, but still should not be part of an search which is a different category completely

I use these for working with Seniors in my business, the format is easy to follow and concise. Works for Seniors & Juniors!
