## Customer Reviews

This book came in great shape as described, it has good recipes for large crowds. I bought this book for my husband he works in a large retirement facility so this book has good ideas on all dishes for his job.

This is a must for people who cook for a living. I call it "The Bible" of cookbooks.. Well over \$100 new, I bought mine for a little over \$20 used and was pleasantly surprised when I received it and was in beautiful condition. Almost like new.. Very nice!

It is very informational for cooking for large quantities in nursing homes and day cares, churches and the recipes are wonderful.

this book is a must have for all quantity cookin chefs... love the classic recipes and the quality that this book came in was awesome. THIS BOOK WAS IN EXCELLENT NEW CONDITION...and an AWESOME price!!! I will be back!!

We purchased another copy of this book because the first one we found so helpful has worn out (we had been struggling to keep the pieces in one spot!). The portions are accurate, the recipes are delicious, and our cooks like it much better than the 12th edition we also own, because it has tips and charts that the 12th edition omitted. We highly recommend this book to anyone or organization to use for those occasions which call for large quantities.

Very informative,the book covers just about any questions you might have about buying,preparing and storing food.Can't get enough of this book.

Great book if your entertaining the masses or a large family gathering. Point by point everything is laid out. Saves time an math.
