This guide is a very comprehensive list of treasure tales and rumors (some more substantiated than others). My only problem with it -and it's a pretty significant one- is the maps, which are supposed to be online, are gone. Most entries have a link to view the area map but the web site appears to have been shut down. Major issue... if they were able to fix this I would give this book 5 stars.

A great book covering all of Colorado and the stories associated with it.
