Toilet Time: A Training Kit For Boys (Ready To Go!)

Synopsis

Potty training doesn't have to be the long, frustrating process it's frequently made out to be. Inside this gender-appropriate kit, expert child psychologist and mother of two, Dr. Janet Hall offers parents a wealth of guidance for getting little boys potty trained in six easy steps! Kit includes: An easy-to-follow 16-page instructional guide for parents A charming 16-page board book designed to encourage children as they learn Two reward charts featuring engaging characters 48 reward stickers to motivate children and positively reinforce success. By providing tools for parents--such as readiness checklists, Do's and Don'ts, and insight into how children develop--as well as rewards and encouragement for children, this adorable kit will help make potty training a positive and rewarding experience for the whole family.

Age Range: 1 - 4 years

Grade Level: Preschool and up

Customer Reviews

Book is not very well written or long enough. The stickers and posters are great ideas. Not worth the money for this kit. Just get your own potty book, poster chart, and pick your own stickers for same price or cheaper. Our tots were not excited about this book at all.

I bought this kit somewhere else but I just had to review it here. My almost 2 1/2 year old has peed in the toilet when his daddy goes to use the bathroom but he refused to use the toilet with me. As for pooping, he was did it when he was almost 2 years old but that because I could spot his poop face

just in time. Of course, he was actually potty trained. Now, I pulled this book out for story time and he started going through the steps as I read them and even ended up pooping in the toilet. The funniest part in on page 1, it says diapers are for babies, so he refused to put his Pull Ups back on and he wanted to wear his real underwear. LolAs for why only 4 stars - I like the fact that the book is toilet time vs potty time but in the book peeing and pooping is "wee and poo". Also, I would have liked an additional page or two about actually using the toilet. The kit comes with 2 posters - a train and a dinosaur but while my sons loves trains, he was more excited that the dinosaur poster was also pictured in the book. Wish I had another copy of that dinosaur poster.

the brief guidebook was the selling point for this kit - who has time to read an actual novel? in 16 straight-to-the-point pages, I got all the tips and advice necessary to successfully potty train my son in less than a week. he was a champion after that. I can't understand how this got such a low review. the guidebook along with he board book about the big boy in his big boy underwear and the chart w/stickers was a great deal for \$10 (I got my kit from B&N - same price here)

I bought this solely on the fact that it doesn't say "potty". My boys loved it and it helped give them clear steps to follow. Sticker charts were an added bonua~
