Customer Reviews

i used the user guide to find this game or so i thought was sad to see its not the game and cant find the game at all see lots of cheat guides .when you put in games it would be nice to just get games and not books and user guides for the games. when i look up games to play thats what i want not user guides and books please fix this problem

When my boys requested the kindle edition angry birds star wars game I went to amazon and typed in: "Angry Birds Star Wars Game." It was late and I wanted to download and simply go to bed after one

game. I did not do the 200% read through and soon had an almost sobbing son. "Mom, you got the book not the game." I looked again at the title and said, "No, the title says game honey." I opened the app and he was correct, it was a book. :(Yeah to reading, but thumbs down to marketing misleading everyone to spending \$\$ they had not intended to spend.

this came up in the category free games? really shouldnt have because its not so free after all . why is this ? (frowny face)

I picked this game up (Angry Birds Star Wars) in the app store, and it's a blast to play! The book also provides great tips and tricks which makes play the game that much more fun!

I got this for a 4 year old who sometimes visits the office, to play on the Kindle I have for reading at lunch time thinking it was a game. It is NOT a game, but a book, which would have been fine if she could read. She was very disappointed!

I was suprised to see that it was a cheat gied but I allready had the gae on wii and it was awesome! It got me past a bunch of levals that I was stuck on. Again, this book is awesome!

Not what I expected... thought it was the game ap. I tried to purchas this for my sons new tablet and it ended up being a book!

boring! this is boring I gave it two stars because it is just so boring!!! I don't like it but my brother does.
