Customer Reviews

Quick OverviewJust as you can t fairly judge a book by its cover, neither can you always accurately judge a book by its title. Unfortunately, that truth is never more correct than this 24 page booklet.Length: Print, 24 pages.Q - Target Audience/Genre and is it marketed as Nonfiction or

Fiction: A “ Ages 5 to 18 according to the description, but, in my opinion, more like 11 to 15. Q - How was this book obtained? A “ Bought on while a free download. Q - Are there a lot of typos/misspellings, grammatical errors or other editing failures? A “ No, the presentation and editing is fine. Q - Is this a fast, easy read or is it more of a leisure read? A “ Very fast. Q - What sort of language does this writer use to amplify the points made? A “ Plain English, suitable for all ages. Q “ What age group is this suitable for? A “ I would say it is fine for kids and probably more useful for us older folks trying to figure out how to use Pokemon to get exercise while have a great time. The app is probably intuitive for most youth, so I doubt it will experience many downloads after the free period. Q - My biggest pleasure or disappointment? A “ No great disappointments, but it could provide a link to a short video (better yet, embed a short video within the booklet, the way Charles River Editors is doing with some of their booklets) so us older guys could get a slightly better grasp on hunting. Bottom Line: As a free download for folks new to Pokemon Go, this is a good resource. AT \$2.99, though, I think that would be a disappointment. I’m rating this at four stars.
