There are a few pieces i'm looking forward to making, there are a lot of great information in the book as well!

Will be making things from the book. I really like having so many projects in one book

Got this for my Mom for Christmas, and she loved it! She can now get rid of the old magazine issues!

I enjoyed having ready access to very popular Bead & Button magazine projects -- rather than scouring old issues of the magazine. Everything I wanted to try in one place.

There was nothing new or original in the book. I found that I had made a version of most of the designs already from previous patterns and books.
