This is the first book about internet selling that covers all aspects about selling used items online. There are lots of books out there about selling on eBay and a bunch about flipping used goods online. But Thrift Wars is the first book that I have seen that covers selling used items on all major formats - , FBA, eBay, Etsy and Facebook groups. Plus, the book is written in way that makes the information easy to digest and it is enjoyable. I also liked the photos of thrift store finds and the sales prices they were flipped for.

I've read several books by Eric Michael and I keep coming back because he knows his stuff. He's done it. Thrift Wars: A Battle-Tested Internet Business Plan: Find Hidden Thrift Stores Treasure and Sell on , eBay and Etsy for Huge Profits with Online Arbitrage (Almost Free Money Book 8) by Eric Michael does just what it's lengthy but appropriate title says, it teaches you how to find the items in thrift shops that can be used to build a passive income. He also shows how to list and sell online, and a bunch of other money-making tips. Recommended (along with his other books, too). Five stars.

Thrift wars is an all in one book on how to turn someones trash into your treasure. The step by step guides are easy to follow and Eric has laid out all the information in a concise and logical way. I have so much junk at home that I need to get rid of and only have just realised the sort of profits i can turn around if done properly. I stopped in at my local thrift shop 2 days ago and found few really great items with the guidance of this book. Have already sold 3 items for a 70% profit and hope to keep it up. A great read for those who love finding and turning over a bargain.

I loved this book! First, the Star Wars "Thrift Wars" theme is awesome - it makes the book light and full of humor while discussing a serious business: Thrift Store Flipping. The book is concise and full of step-by-step instructions and examples on how to get your business off the ground, pointed in the right direction, and off-and-running. If you've ever thought about taking on this type of venture, this book is for you! I know I will be referring to it when I start doing my own Stars Wars Thrift Wars Flipping! Excellent and well-worth the money. Hope there are more books to come!

I have been making a few sales of Thrift Store items on ebay for a few years - so I was curious to see what this new book by Eric Michael could teach me. Turns out that the book was really worthwhile.....the ideas and strategies that Eric Michael outlines are simple and really easy to implement. Result is that I am now able to re-focus my business and will be making much much more money. Basically - this book has simply "opened my eyes" to how better to make money (re)selling thrift store stuff. Valuable book. Jake
