# National Park Quarter P&d Mint Album 2010-2021

## Synopsis

National Park Quarters Album P&D Mints, 2010-2021, 7 pages, 112 openings. The National Park Quarters Coin Act of 2008 requires quarters, beginning in 2010, to have designs on the reverse depicting one national site in each state, the District of Columbia and the territories of the United States. Fifty-six (56) different designs will complete the program from 2010 through 2021. Whitman Albums are built from the safest archival safe materials known.

## Book Information

Board book: 7 pages

Publisher: Whitman Coin Products; 2010-2021 ed. edition (January 1, 2010)

Language: English

ISBN-10: 0794830579

ISBN-13: 978-0794830571

Product Dimensions: 7.4 x 1.3 x 8.9 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (35 customer reviews)

Best Sellers Rank: #270,892 in Books (See Top 100 in Books) #27 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > State Quarters](#)

## Customer Reviews

This is a great quality book, and it compliments others that I've got that are very similar. These are nice because they show both sides of the coin. You put the coin in the slot by sliding out the clear plastic strip that's either in front or behind the coin. Once it's put in, push the plastic insert back. Works well, and keeps the coins a bit protected, while allowing you to see both sides of the coin. This is especially nice on coins like the state quarters, where you'd want to show off the year and mint, but also show off the fancy backside. I got this book in an order with several other coin books. The box arrived smashed on one side. Once the package was opened, I noticed that the books were just put in the box with absolutely no packing material to protect the books. The smashed in side of the box also gave way and smashed the top of the spine of this book. I was pretty upset about this, but I managed to bend it back a bit. If it were worth it, I'd get a replacement, but it's simply not worth the shipping charges as they'd be more than the book itself. :-(

I purchased this album as a gift for a collector of National Parks quarters. The album is well constructed and looks like it will hold up over time. Each slot is protected by a plastic sleeve that

slides in and out to allow you to add more quarters. It's much nicer than those inexpensive cardboard folders that don't protect the coins. And its price for this album is the best you will find!

I am using this album to store and display my National Park Quarters collection as it comes together. It holds both P & D quarters and they slide between two pieces of protective plastic. This keeps the coins clean and safe while still allowing them to be viewed clearly. The album seems sturdy and well made.

Whitman has been the standard for coin albums for decades. This album style is perfect for the national park and state quarters because you need to see both sides (the mintmark is on the obverse, and obviously the beautiful scenery is on the reverse). As with all Whitman albums, the coins fit perfectly. This album is for real collectors, as it has spots for the Denver and Philadelphia minted versions of each coin. Highly recommended.

Very nice album. I love the way it is design. Very strong will last along time. Looks professional and the coins is very protected between two protective layers of plastic. If you are a serious coin collector this is what you need to get.

Beautiful condition. No dents, no dings, no tears. The coins fit in nicely and the plastic is easy to maneuver. I have ordered from Whitman many times and I will continue to be a customer to them. Well done on another great album!

It is what it says it is, the price is fair. My young son tore one of the pages on the first day while trying to put his coins into one of the slots, so these books require a bit of care and are not kid proof. But I think the basic design is going to be prone to that no matter whose book you buy. I'd buy these again.

I bought this coin album for my husbands birthday. It is very high quality, much better than any of the others he owns. The quarters fit perfectly and they stay secure. I plan to replace some of his other coin albums with this same type. Very much worth the price.
