## Customer Reviews

I was taking floral design classes when I bought this book. I showed it to the instructor and she liked it even better than the one that was requested for the class. She advised everyone that this should be the book to get. The illustrations in the book are fantastic! It shows you step by step what to start with, where to place the floral and so forth. This is a book well worth its money!

This is a beautiful illustrated book. Great for beginners and advanced flower arrangers. It gives you names of flowers available on the market and what to look for when buying the flower. It goes over the principles and elements of design. A very useful book when you are entering flower shows.

This floral book is just so very awesome! I have really learned a lot from this book! I am very interested to become a floral designer. My #1 favorite hobby is silk floral designing. I have given this wonderful book a 5 star rating. There are tons of very helpful hints, floral tips, and etc... These methods that are very well explained to us floral designers out there.... in both words and also in photographs and in lots of real colorful pictures by going thru each design with showing by using step-by-step of and inside this book. And also there is so much more to see inside here.....

Book was recommended to me. Met all my expectations. The directions are clear and easy to follow. Photography excellent. I would recommend this book to any beginning flower arranger.

I really like the book and it's very helpful. I definitely would recommend this book to my friends and will probably buy another as a gift.

It's just that I am into creating faux flower arranging and need a book for that. The book is for fresh flower arranging.

This book tells you everything you need to know about arranging fresh flowers. It has easy steps for creating beautiful arrangements and great photos throughout the entire book. I learned so many things from this book like how to secure wet foam in the container along with design and placement of flowers. I recommend this book for anyone who wants to learn how to arrange fresh flowers.

Excellent book! Author is a wonderful demonstrator of many different flower arrangements. You will be pleased with this book. From bouquets to table toppers, this is a good book
