Customer Reviews

As a vegetarian and a lover of thai food, this was an instant purchase for me. What better way to learn to cook than from a native Thai?! There are countless tasty recipes with using amazing fresh ingredients. These are mostly easy to find ingredients that are affordable. You donâ™t need much money to eat well! The best part was reading about the health benefits of the meals at the end of each recipe. I was just expecting main meals, but thereâ™s even a tasty desert recipe included at

the end. I've already been impressing my partner with some of these brilliant recipes.
