Found this book at my local library and showed it to my Mom who came here from the Philippines in the early 1960's. Most of the recipes are those I grew up eating. My mom never writes down any of her recipes for Filipino cooking. I had to learn by watching her cook throwing in a little this and that and mine never tasted quite the same as hers. My mom was surprised how similar these recipes were to her own and this book is my guide to practice with. The pictures are great and I can relate to the author's history! Affordable price--bought three to share with my Americanized cousins who crave simple and authentic Filipino dishes and want to make them.

I frequent the Burnt Lumpia blog for delicious Filipino recipes so when Marvin finally came out with a cookbook, I quickly placed it on pre-order. Great authentic recipes, yet I also like his spin on "new" recipes, e.g. spicy adobo wings. I was pleasantly surprised to find the recipe for cascarone as this is a dessert that my late nanang (grandmother) and tita (auntie) only made. I've made it several times for my kids and I am happy to say that it's 100% exactly the way I remembered as a child. If you are a Filipino-American trying to reconnect with your culinary roots, or a foodie who appreciates all types of foods and wants to experience Filipino cuisine, I highly recommend 2 cookbooks - The Adobo Road Cookbook and Philippine Cookbook (by Reynaldo Alejandro).

All of the recipes are structured well and the photos are absolutely beautiful. The pages are colorful and lively and the recipes are healthy and yummy. I love how Marvin explains the story behind each dish and the history of common ingredients found in Filipino food. I felt a totally new appreciation for both Filipino food and culture! I honestly can't remember the last time I was so entertained by a cookbook. Absolutely loved it.

Made the chicken adobo and was really pleased with the recipe. Has been the closest so far to what I ate in Luzon over the years. Not completely the same but very good. A little too much vinegar for me but that isn't necessarily the recipe's fault as each of us prefer different flavors in different intensities. Additionally, depending on the region, not all adobo is the same in the different regions of those wonderful islands. I'm looking forward to trying some other recipes as well. So far I'm very

pleased. However, I will add that I approach most international recipes with the sense that I'm trying to get close to what I remember the food tasting like. I'll adjust them to fit my tastes while still staying authentic. So far this has been a good book choice.

This isn't only a great Filipino cookbook, it's a great cookbook period. The author did a fantastic job of weaving in history, helpful hints, and his own humor and stories into this extensive and impressive cookbook. The pictures for each recipe are beautiful and make me want to cook everything I see! As far as the recipes go, I've so far managed to cook the chicken adobo, the lumpia, and the pancit and all turned out delicious! I've eaten Filipino food my entire life, yet I never realized how easy it is to make at home. If you're a fan of Asian cuisine, the Filipino flavors in this cookbook will open your eyes in a whole new way. I highly recommend *The Adobo Road Cookbook*.

The recipes of Marvin Gapultos in his *Adobo Road* cookbook includes culinary school techniques in preparing traditional Filipino food, maintaining authentic flavors with enhanced methods. I think the outcomes are fabulous! Congratulations.

I was born in the Philippines (left there as a baby to come to the US), and grew up with a mom who is a great cook of traditional Filipino food. I have traditional cookbooks but when I saw this, I was curious and decided to try it out. My husband bought it for me as a Christmas gift. There are some traditional recipes, but some really threw me--such as chocolate cupcakes and fried sweet potato fries (sounds like Southern US cooking to me!) It should have been titled and marketed as a Filipino-American cookbook. But as Marvin sounds so much like me and my siblings, I will be generous and give this book 4 stars. (Oh, and I do love the Kale and Coconut side dish, which I have served at dinners.)

Oh man, flipping through this book and drooling over all the pictures just brought back memories of home-cooked meals. I'd been wanting to introduce my wife to more Filipino cuisine but unfortunately, there's not a lot of restaurants near to where we live and the ones that are close by are all turo-turo. Fortunately, we both love to cook so when she's feeling culinarily adventurous, I'll pull a recipe or two from my childhood out of this book for us to try.
