Customer Reviews

This is great. It's a well made and well edited book. The recipes are very clear and easy to follow. The information of the basic ingredients and equipment needed within this book is quite helpful for those who aren't as familiar with the items. The pictures are tempting...you can almost smell the dish in front of you (if you are familiar with Thai aromatics).

Great recipes!!! I love this book, it's very well put together and the recipes are easy to follow. It may be intimidating to those who have not done any Thai cooking, but don't worry... once you read the recipe you will see you are able to do it!

This ebook is wonderful and the recipes are like the title says, quick and easy and the directions also easy to follow.

Terrible cook book, very cheap
