## Customer Reviews

I love chicken. So I think I don't need to explain further why I got this book. But I will still explain. This book has 100 orange chicken recipes that will be helping me a lot as I learn to cook and

prepare meals for my kids, who happen to love chicken too. And the varied recipes I got here are enough reasons for me to give this book 2 thumbs up. The recipes are showing innovativeness too and will surely help me in my endeavor. It's not everyday that I'm given the chance to cook good stuff with an orange chicken.

Similarly to the question posed in the book description, I eat a lot of chicken, but I use the same recipes over and over and it starts to get boring. That's why I went looking for more recipes and ultimately purchased this book. I'm glad I did, as it's very good. Orange chicken recipes hadn't crossed my mind, and this book contains 100 recipes for orange chicken. I've only managed to try around 5, but they have all been excellent, and I can't wait to try more.

This isn't a review - since I haven't made it yet but so glad it's here. I grew up with relatives making sweet-n-sour chicken/pork so thought this would be interesting to make. However, I LOVE when people substitute and change recipes - in fact, I read the reviews first to get an idea if it needs fixing! Everyone has a different palate so it's okay to make substitutions; we're on a low carb/processed sugar and low cholesterol diet in this household so we like to see how we can fit in a tasty meal but rearrange some of the ingredients.

Yummy chicken recipes! This is a 100 chicken recipes to choose and to enjoy by everyone. It's time to explore things what you can do with chicken and with its other part. Here are the top five recipes for me and hope you will try them, grilled orange chicken, orange chicken and vegetable stir fry, orange mango chicken, orange mustard grilled chicken and the super hit grilled mojo chicken salad with asparagus and oranges. Enjoy the goodness of chicken!

This book has 100 orange chicken formulas that will help me a considerable measure as I figure out how to cook and plan dinners for my children, who happen to love chicken as well. The formulas are demonstrating inventiveness as well and will without a doubt help me in my try. I like this formula since it doesn't require quite a bit of my investment in cooking it. The taste was great and I cherished it. Strong recommendation!

First time seeing this recipe and decided to buy it and hoping to see if there is any good to try on. What I am looking is healthy but delicious foods so my family can also enjoy the food I prepared. I gave a shot to at least try one recipe here which is almond orange chicken. I like this recipe

because it doesn't take much of my time in cooking it. The taste was good and I loved it. Pictures would be great too if there is any.

This book is just awesome... 100 chicken recipes is a lot...This cookbook shows you that you can let your cook-imagination work with 2 major ingredients: Chicken and orange.Most people already know how to cook delicious dishes, such as grilled chicken or chicken salads, but they probably want to improve their cooking knowledge and, why not.Chicken Lovers Grab This Right Now :-)

I LOVE ME SOME ORANGE CHICKEN!Nothing beats this - especially over white rice (I know I am plain, but I love it that way). This book gives some great ideas for Orange chicken enthusiasts. Personally, I loved the basics of it even before reading this book, but am going to be keeping this book handy when I decide to make some in the future. Thank you!
