## Customer Reviews

My husband loves to entertain our family and friends in our back yard with his delicious barbeque recipes. I wanted to encourage him with these bunch of new recipes that would make our barbeque party a huge hit. I also loved the wok recipes as I have never tried many of them before. I made the

duck fried rice. It was very tasty. I love to try the rest of the recipes as well.

I love cooking and have already a tradition of trying new recipes from all over the world every weekend. All cuisines are special but mostly I like to try Asian recipes. I've been looking for similar set before where there are recipes from Asian cuisine combined with some modern recipe ideas for making any dish spiced up and special. This set fits my preferences, as I've got all kinds of recipes in one bunch. It was fun to cook ladoo and other Indian sweets in the wok, sabji (veggies) are so different in the wok , what a taste, I can't get it just using a frying pan or even slowcooker. The dressings, marinades, vinaigrettes and sources are easy to prepare, I can experiment with flavors easily, really nice.
