Customer Reviews

I'm new to the whole Paleo craze, but I also love Asian food - so getting this book was a no brainer. I like how well organized and laid out it is, so easy to follow and be able to judge my time for recipes. Not to mention that the 4 recipes that I've tried out so far are very tasty. Don't miss grabbing this one to keep you on the road to better health.

My girlfriend and I love Asian Cuisine and we both try to stick close to a Paleo diet when possible so this book purchase was a no-brainer. The author does a nice job of laying out what a Paleo diet is and how the Asian Paleo differs. Essentially, Asian cuisine is transformed into Paleo form using ingredients common to the Asian diet. In this book you will find a number of tasty Asian inspired Paleo recipes for everything from beef to seafood to simply vegetables. The author even included a few nice Asian Paleo Beverages for those interested in antioxidants, detoxing your body, boosting

energy and helping with other medical conditions. I especially liked the section on creating your own Asian Paleo dishes with its list of common recipe substitutions. Essentially, if you like Asian dishes and are on a Paleo diet, this book is for you!

I didn't know that Asian paleo recipes are these tasty and delicious. It took me a short time to prepare the recipes and I also had easy time following the instructions. The book is well structured and I would definitely recommend this book.

added this to my healthy eating library that I am building once at ideal body weight
