## Customer Reviews

This cookbook has many easy to follow recipes. The results, after making a few, were delicious! The cooking steps were very easy and able to be done without much difficulty at all. I also really enjoyed decorating the jars. I have received tons of compliments from friends and family for these unique gifts. For the upcoming holiday season I look forward to trying numerous new recipes from this

superb book. I highly recommend this appealing, well-written holiday treasure!

Author Bonnie Scott has written an outstanding cookbook that is well thought out. Her book, 100 Easy Recipes In Jars, is illustrated with color photographs, clear directions, and a good selection of recipes. There is an active table of contents making it easy to navigate this delightful eBook. I love her creative ideas for how to jazz up the jars using fabric, ribbon and recipe cards. I love her tips on how to layer a pretty jar. Her cookbook will help almost any cook prepare gifts in a jar that would make delightful Christmas presents for almost anyone on your gift list. Some of the recipes you will find in her cookbook include: Holiday Cranberry Cookie Mix, Dark Chocolate Chunk Cookie Mix, Cheesy Popcorn Spice Mix, Hot Chocolate Mix, Chicken Rice Soup Mix, Cold Weather Chili Mix, Reindeer Chow, Apple Spice Muffin Mix, Holiday Bar Mix, Nut Bread Mix. Highly recommend.

I saw a lot of people packing cookies and bread mixes on Pinterest and the next thing I knew all of my friends were doing it too. I really loved the idea and wanted to find the best recipes for it and get a few tips on the best way to pack it. I found this book and gave it a try. The recipes are so yummy and look so pretty in their jars! I'm so happy with it! The author also gives you some tips on technique, which was really helpful. She suggested things like always putting nuts above sugars, which is obvious now but I might not have thought about that when I was putting it together. My favorite recipes so far have been the chocolaty bar mix and the north pole smores mix. They look great in their jars and they come out really tasty! I made the energy bar mix for my kids on college and shipped it to them! They loved it, because they can just open it up and make them without having to get any ingredients or look up any recipes on their own. They love getting those packages! Since Christmas is coming up I'm planning on trying out the holiday bar mix and the breads to put together and give out as gifts!

I adore eating cookies especially at night when I have my hot milky drink before bedtime. I was pleased to find some great recipes in this book for making up some cookie mixes. The ingredients were kept simple and you will have most of the stuff in your kitchen anyway. However a great idea is to put your cookies in jars and give them to friends or family as gifts. The recipe ideas were laid out simple and had all the ingredients and basic, clear instructions on how to bake them. 100 Easy Recipes in Jars will have you making gifts in jars today. What a novel way to create a homemade gift by putting all the ingredients in a jar that is needed to make cookies, breads, soups and so many more recipes. 100 Easy Recipes in Jars has a concise and informative introduction to creating a gift

that is attractive and reusable. Whether creating a kitchen accessory basket for newlyweds, a movie night basket for a young family with children or a care package for college students, 100 Easy Recipes in Jars gives loads of packaging ideas to make your gift go on giving long after the mix is gone.

How fun is this idea! This book has lots of recipes that will make great gifts!! The plain off-your-pantry-shelf ingredients and simple recipes make putting a gift together quickly a snap! There's a wide variety from snacks to desserts, beverages, breads and soups, so no matter what your 'giftee' likes, there's something for everyone. I guess I'd like it if there were more meal-type recipes, but with all the choices and ideas you could probably think up some of your own. I also love all the tips and tricks - for someone who's never done this, there's lots of little things I would never have thought of - like wiping the insides of the jars between ingredients to keep the glass looking nice. I don't have a flat kitchen thingy like in the pictures, so using a flat-bottomed juice glass is a great idea. And the labels, hangtags and recipe cards are AWESOME! You don't have to waste time trying to design your own - I'm not so good at 'artsy stuff,' so this is a really big help for the 'artistically challenged!' Just select, customize and print - voila, a custom gift in no time flat. I plan on doing a lot of these as Xmas gifts this year - mass produce a bunch & get them done all in one day. So much easier than trudging around a mall! This is a great book, and you get so much for such a small investment!

This book was not at all what I'd hoped. It's 100 recipes that include nut mixes, cookies, more cookies, and dessert breads. There's about 5 actual soup recipes and zero pasta meals. If you're looking for recipes for functional meals, look elsewhere.
