## Customer Reviews

This is a collection of clean kid friendly two line Q & A jokes that have granted been around for decades but are still a lot of fun, especially for kids who might not have heard them all before. Like the author's other collections all the jokes are simple two line question and answer type. Unlike the other books which are on one topic, this one is divided into six creatures found on a farm. Each chapter I guess has a about seven or eight jokes on each animal. There's little ClipArt style illustrations in between the jokes and unlike some of the other collections, this one's don't reuse the same image over and over again. We start of with a number of chicken jokes such as - Q: Why did the rooster run away? A: He was a chicken! Then we move onto bovine ones such as - How does a cow do math? A: With his calculator Cats follow such as Q: How is cat food sold? A: Purr can! Then dogs Q: Why is a dog scared of fire? A: Because he doesn't want to become a hot dog! Fish and then pig jokes complete the book.

I enjoyed reading these short cute animal jokes! But I bet the young kids between the ages of 5-12

will really get a blast from these. For this reason I feel this ebook could use five stars. I received this for free and in return am now giving it an honest review. Great job Arnie! By Angela
