JOKES: Jokes For Kids To Get Them Giggling! (Clean Jokes, Jokes For Young Kids, Funny Jokes, Kids Jokes, Joke Books, Best Jokes, Funny Books)

Synopsis

Isn't it so adorable to see your little one giggling? Have you ever wondered what you could do to entertain your little one? Would you like to spend some quality bonding time with your child while you make them laugh? This cute little book was written to be simple and fun for children. As parents or guardians, one of the most beautiful moments is to see our children laugh and have a good time. If you have ever tried to make your child laugh but failed to do so, don't worry, this book is here to help. This book has been written keeping the giggle-hungry kid in mind. ** Download this book for FREE with Kindle Unlimited ** You could either read this book to your child or if your child is old enough to read you could give it to them. You'll find them giggling in no time and enjoying the humor. Authors Tip: If you are reading this out loud to your child, have some fun yourself. Be animated and expressive. You'll enhance the experience for them. Instilling a sense of humor is amongst the greatest gifts you can give your child, helping them to build a positive personality as they grow up. Scroll up and download this book to be able to read it immediately! Enjoy :)

Customer Reviews

This book is a laughing gas for you. Laughing is a great thing for your heart and your mind.

Laughing is like the medicine for your heart. This book will help you to laugh as hard as you want. With a huge collection of memes, jokes, fails etc. this book will be the greatest book which will make you laugh like you've never laughed before. I have never laughed so hard by reading a book before. So I highly recommend this book.

This book aims to provide fun and joy for your beloved child. It will help you to make an environment of joy with your child and other members of your family. I read few jokes myself and shared with others. They along with my child couldn't but laugh. I recommend this book.

This book is great fun for the whole family plus the kids can learn a lot from it. I am very glad that I got this book because my children learned so many new and interesting things which helped them be less shy in school or when out with friends. I think that this book is something that every parent should have and this is why I rate it with 5 stars and strongly recommend it!

This book really tickles me a lot. If you want some funny collection of jokes that could suffice and relieve you from a stressful environment you came from, then, this book is best for you. I have really enjoyed much all of the jokes provided by this book. Highly recommended!

This is one of the best collection of funny short stories I ever read. This book is truly hilarious! When you want to laugh out loud with your friends, family or loved ones this book would be your jam. I also believed that laughter is a powerful antidote to stress pain and conflict. Especially in today's generation you can face a lot of hardship in life, but there are lots of ways to overcome this kind of situations and problems specifically this kind of book. I highly recommend.

The jokes are actually really funny and interesting, I keep on clicking the next page icon to read on and I just keep on laughing! Great book, will surely recommend this to others!. I found this book entertaining. Personally. I consider myself a funny person and, after reading these jokes, I can see me using them in conversations with friends or as an icebreaker. There are jokes for all tastes, the classic style that always make you laugh and others which I had never read before.

I was surprised that there are in this book, no illustrations other than the one from the cover. It's all text, which is fine if it is meant as a source. I remember a joke book as a kid and I thought it was hilarious jokes to share with friends and family. The longer jokes and puzzles are fun and I can see

why it would be ridiculous for children to read. I would recommend it because it is so versatile and can be used by people of all ages.

For less than a penny, I laughed out hard. This one is priceless. Jokes for kids, as the title says but works as well on adults with a good sense of humor. I initially bought this for my niece's use. It is a must for kiddos to make your grandparents laugh or else, no bucks! Because, I was happy with it, I will be buying some more.
