Kindle Fire Owner's Manual: The Ultimate Kindle Fire Guide To Getting Started, Advanced User Tips, And Finding Unlimited Free Books, Videos And Apps On Amazon And Beyond

Synopsis

Finally ... a quick, easy reference to using your Kindle Fire -- to the max! Hi, I'm Steve Weber, publisher of Kindle Buffet, a daily list of free and discounted Kindle books. You can get a free subscription at KindleBuffet.com. After you buy this book, head over to the Buffet and chow down! Kindle Fire is the handiest, best-value digital device available, and is your portal to an infinite universe of education and entertainment. This easy-to-use guide shows you how to get the biggest bang from your Kindle bucks. You'll see how to quickly set up your Kindle, navigate the touchscreen, buy, rent or stream video, and browse the world's largest library of digital books. About the author: Steve Weber is founding publisher of KindleBuffet.com, which showcases five-star Kindle books currently available free (you may never have to pay for books again!).

KINDLE FIRE OWNER'S MANUAL demystifies the Kindle and explains in plain English how to master the basics. And you'll see much more, including secret tips, tricks and shortcuts you won't find elsewhere. Each section includes clearly written step-by-step instructions, illustrated with screenshots and menus just like you'll see on your own Kindle:

- Changing the settings
- How to charge your Kindle battery and prolong its life
- Enjoy an infinite supply of the best books, music and video from , iTunes or virtually any other source.
- Using personal documents, including word processing files, PDFs, and spreadsheets. Chuck your laptop and PDA, and do it all with your handy Kindle!
- The easy way to harvest your own content and get it onto your Kindle Fire, including gems you didn't buy at .
- How to download apps and get the best free programs from 's Android App Store or other sources.
- How to download, organize and read your favorite books, magazines and newspapers on the Kindle Fire.
- How to get current and archived editions of the world's most popular newspapers, magazines and websites streamed to your Kindle--updated constantly, with no fees whatsoever!
- How to use 's "Cloud" service for unlimited free storage of your digital content.
- Purchase or rent movies and TV shows, and how to find a gold mine of free video.
- Find and use popular apps and video games on the Kindle Fire.
- Learn to find the best free content in the world, downloadable to your Kindle. (You might never have to pay for books, movies or music again--ever!)
- Using Prime to stream movies using your home's Internet service.
- Use your Kindle to send and receive email from Gmail, Yahoo! Mail, Hotmail, and virtually any other service.
- Surf the Web at daredevil speeds using Kindle's built-in Silk Web browser.
- Show off your own photos and videos on your Kindle, no matter which camera you used.

Customer Reviews

Dear Steve,I received your paperback Kindle book ALREADY...and I am thrilled with it! Since I purchased the Kindle Fire I have been looking in all sorts of places to find a comprehensive book explaining the basics of the Kindle but to no avail...until I ran across ^o your book! It is WONDERFUL, has answered all my questions (that I couldn't even get /Kindle Help Line to answer!), and I want to thank you so much.I absolutely recommend this book to EVERYONE who has ever had a question about their Kindle Fire and just couldn't seem to find the answers they were looking for. Not only can you copy the book to your Kindle Fire but Steve even offers a FREE (yes, I said "FREE") paperback copy that is delivered within days of your request!Kudos to you, Steve, and thank you once again!!!Have a great day,K. Dorsey

I am a new tablet user. I choose the Kindle Fire and love it. I want to be able to use my Kindle Fire to its full potential and decided to purchase an owner's manual to learn all Kindle's feature. I am glad I purchased the Kindle Fire Owner's Manual Advance Review Copy by Steve Weber. It is written so a novice could understand it. I love the screen pictures for a visual aide. Also, it covers

features I wasn't aware of plus additional bonuses for free stuff. Thank you

For the past 5 months, I have been having many adventures with the Kindle Fire. My main purpose I thought was to be able to read large print books from our local library. That is basically true but the magic box does so much more. One can watch movies, play games, listen to music and read books. There was NO MANUAL with the Kindle Fire. The instructions were on the device itself. I am in the process of reading "Kindle Fire Owner's Manual" by Steve Weber. It is very readable and interesting. It should have been in the box with the Kindle Fire Jody

I bought the kindle version of Steve Webers book. My wife has a Kindle Fire and needs help to more than read a book or play games. Steve had a note in the Kindle version. He said he had some free copies. I sent him an email asking if I could get a copy. He said yes and I got the paper back copy. Well my wife was real happy to get something she could read while she practiced on her Kindle Fire. The Kindle addition is great but it is on my coputer and also a book is really better. So I thanked Steve and if you want a good book this is it.

I recently received a Kindle Fire for my birthday, and this has really been a handy guide. Since the Kindle Fire does not send a manual with the product, you'll need some assistance with the finer points. This manual would be my recommendation as your reference. I also appreciated the author sending a free hard copy of the manual.

If you are over 30 and have a Kindle Fire, get this Guide immediately. I have owned a Kindle since the beginning and the Fire the moment it came out. Only with the help of this simple, focused guide did I learn that I am holding much more than an e-reader. But for me, reading will remain its principal use. This manual has extended the range of possibilities for me exponentially. I am simply working my way through the manual, one section after the other, learning how to use the Fire. Thank you Mr. Weber

Wanted a general short-in-length book with just some extra hints for my Kindle Fire . The author seems to be knowledgible enough about the subject, but he jumps around too much..there is no smooth flow. I have had my Kindle Fire since February, so I am familiar with most of the features. There is not enough detail for some of the topics, esp if you are a new owner just starting out. Would NOT recommend this book, too fragmented..

So glad to have found this book. I learned how to use the Kindle Fire in about 20 minutes by following the easy instructions. Plus I discovered a multitude of ways to get free books and magazines. it's all explained in the book and it's totally legal. I may never need to spend a penny on reading material again!
